

Eric S. Ball, P.E.

Eric S. Ball, P.E., is Senior Vice President at Orenco Systems, Inc., a manufacturing and engineering firm based in Oregon. He has been involved in the development of most of Orenco's products and related patents. Eric has a special interest in composites manufacturing and has developed many innovative closed-molding methods and products. He is an author or co-author of numerous technical papers and has been a frequent speaker at both wastewater and composites conferences. Eric holds a Bachelor of Science degree in mechanical engineering from Oregon State University. Outside of work, he enjoys spending time with his wife and sons, as well as tennis, biking, running, skiing, and hiking.
