

Bill Cagle

Bill Cagle is the Business Development Director for Orenco Systems, a company based in Sutherlin, Oregon, that engineers and manufactures innovative infrastructure solutions. In this role, he is instrumental in leading key growth initiatives and securing strategic alliances within the wastewater industry. Bill has more than 30 years' experience in the water and wastewater industries, working in both the public and private sectors. He has contributed to Orenco's corporate development through the organization of new departments and positions, specializing in government relations, OEM/national accounts, asset management, and controls.

Bill is a frequent presenter and trainer on numerous topics, including sustainable wastewater systems for small communities and the use of advanced controls for monitoring the performance of decentralized systems. He earned a B.A. degree in biology from California State University in Sacramento. In his spare time, he enjoys hunting, fishing, and spending time with his family.
